

Jobma Recognized as a Leader in Video Interviewing Category by G2

Jobma has been recognized as a Leader in the video interviewing category by G2, a trusted business software review aggregator.

MINNETONKA, MINNESOTA, UNITED STATES, June 21, 2023

/EINPresswire.com/ -- Jobma, a premier [video interviewing platform](#), announced today that it has been recognized as Summer 2023 Leader and Momentum Leader in the video interviewing category by G2, certifying Jobma as a top-tier product in its category. G2 is a trusted business software review aggregator with 80 million yearly users.

Jobma has also been named High Performer in the Enterprise software category and G2 users' favorite tool of choice for video interviews evidenced by the additional Users Love Us award. These awards are reflective of Jobma's substantial satisfaction and market presence scores. Jobma's recognition as a leader and customer appreciation is a testament to the company's dedication to providing a premier video interviewing solution with integrated [AI features](#).

In their reviews, users, in particular, have written about the reliability and ease of use of the Jobma platform, and its privacy and security features. Others have praised the short turnaround time for issue resolution, and timely updates, including their recent AI feature drop.

"We're really proud of this one," said Krishna Kant, Managing Partner at Jobma. "Jobma has set the standard for innovation and customer experience in the hiring industry. We remain focused on implementing ethical AI tech in our solutions and helping organizations stay ahead of the curve in the ever-evolving industry."

Remote [one-way video interview](#) solutions have evolved as an essential tool in the HR industry
