

# Baron NDT: Redefining Nondestructive Testing in the Gulf Coast

*Innovation meets expertise at Baron NDT's newly opened Beaumont hub*

BEAUMONT, TEXAS, UNITED STATES, June 20, 2023 /EINPresswire.com/ -- [Baron NDT](#) is proud to announce the grand opening of their new, state-of-the-art facility at 8825 Eastex Freeway in Beaumont, Texas. This advanced base of operations expands their capability to provide innovative NDT services to the Gulf Coast region and beyond, bringing a breath of fresh air to the industry that is due for some vibrant and dynamic change.

In an industry often dominated by aging companies that struggle to keep pace with evolving industrial testing needs, Baron NDT stands out as an agile, modern solution. These older companies often charge excessive fees for services rendered by under-trained technicians wielding outdated equipment. Baron NDT, on the other hand, prides itself on deploying friendly, highly knowledgeable technicians armed with state-of-the-art equipment.

“

In an industry that's too often stuck in the past, Baron NDT is the bridge to the future.”

*Mike Benson (President)*

This translates to better, faster, and more cost-effective results for their clients.

"Baron NDT is all about offering a top-tier alternative to the 'business as usual' practices in the industry," said Mike Benson, ASNT Level III and Owner of Baron NDT. "Our customers deserve nothing but the best, and that's what we are here to provide. If you're tired of subpar service

from your current NDT provider and yearn for the personalized touch of direct support from an owner or field technician, we invite you to experience the Baron NDT difference."

Baron NDT's commitment to service excellence and customer satisfaction has catalyzed their

The new home of superior NDT solutions: introducing Baron NDT's Beaumont facility.

rapid growth, making them one of the fastest-growing companies in the nondestructive testing space. The opening of the new Beaumont facility is just another testament to their dedication to staying at the forefront of industry advancements and customer needs.
