

DelphianLogic conducts tree plantation drive for World Environment Day 2023

DelphianLogic joins hands with GreenYatra to plant over 1000 trees using the Miyawaki Method

PUNE, MAHARASHTA, INDIA, June 23, 2023 /EINPresswire.com/ -- As the world grapples with climate change and environmental degradation, [DelphianLogic](#), an award-winning learning solutions provider, took a step towards a sustainable future by conducting a tree plantation drive on World Environment Day 2023. In collaboration with GreenYatra, DelphianLogic planted over 1000 saplings using the Miyawaki method, a dense plantation technique that promotes rapid growth and biodiversity.

The event was held at Gavli Udyan, Bhosari Alandi Rd, Pimpri-Chinchwad, Maharashtra, and witnessed a large turnout of volunteers eager to contribute to the environment's well-being. The initiative's primary objective was to support urban reforestation and bring life back to the barren land, creating a healthier and more sustainable future for all.

The Miyawaki method, a technique pioneered by Japanese botanist Akira Miyawaki, involves planting a dense variety of native trees and shrubs in a small area. This technique creates a thriving ecosystem that promotes biodiversity and increases carbon sequestration, resulting in cleaner air, reduced pollution, and an overall healthier environment.

DelphianLogic's Urban Reforestation drive: Paving the way for a sustainable future.

DelphianLogic's green pledge: Planting 1000+ trees for a greener tomorrow!

Speaking about the event, [Saurabh Ganguly](#), CEO of DelphianLogic, said, "As a responsible corporate citizen, we recognise our responsibility towards the environment and are committed to taking meaningful action. This tree plantation drive is a small but crucial step towards creating a greener, healthier future for generations to come. We are delighted to partner with GreenYatra, and we look forward to collaborating on many such initiatives in the future."

Director - Executive Management of DelphianLogic, [Vandit Goyal](#), added, "The state of our planet demands urgent action, and we believe that every individual and company has a role to play in protecting the environment. This initiative is a small step towards a larger goal, and we hope to inspire others to take action and create a greener future."

The plantation drive's positive impact will be far-reaching, with reduced carbon emissions, improved air quality, and increased biodiversity. The partnership with GreenYatra will also help ensure the trees' long-term survival and promote community involvement in the initiative. DelphianLogic's tree plantation drive is a testament to its commitment to sustainability and environmental responsibility. The company has been recognised as a Training Industry Top 20 Watchlist company for Learning Services and has offices in Pune, India; Dallas, Texas; and Basel, Switzerland. As a company that strives to make a positive impact on the world, it will continue to undertake such initiatives and inspire others to do the same.
