

# South Florida Woman Leads Global Ten Million for World Peace Experiment

*Can a Ten Million Person Meditation Create World Peace?*

CORAL SPRINGS, FL, USA, June 27, 2023 /EINPresswire.com/ -- South Florida resident, MarBeth Dunn, is spearheading the groundbreaking Ten Million for World Peace Experiment, a global initiative with profound implications for humanity. [TenMillionForWorldPeace.org](https://TenMillionForWorldPeace.org) is creating a global experiment - 21 Days of Meditation for Peace, with a mission to gather 10 million people to meditate for world peace.

Scientific breakthroughs have shown that we have energy fields that extend far beyond our physical bodies. In addition to having an energetic component, we have the ability to unite with others in a unified field of consciousness that can affect others.

An experiment in Washington, D.C. saw a sharp reduction in violent crimes in 1993. Dr. John Hagelin, a renowned Quantum Physicist, set up the experiment to show how easy and simple it is to reduce crime and social stress with the power of meditation. He showed that we are all connected by a unified field of consciousness and that this field expresses infinite dynamic intelligence that is the basis of all of creation.<sup>2</sup>

“

Have you ever wondered, I'm just one person, what can I do to help our planet?"

In 2018, MarBeth Dunn created the World Miracle Peace Experiment, a daily 7 minute web based meditation that united individuals in a Unified Field of Consciousness,

promoting peace and love worldwide, with a special focus on the Middle East. Independent

statistics from the ACLED, showed that during the 6 months of this experiment, the level of violence in the Middle East dropped a significant 20%.

Beginning on September 1st, over a 21-day period culminating on World Peace Day, September 21, 2023, the group will meet daily via Facebook and YouTube to conduct 7-minute guided meditations. The experiment has been created to encourage world leaders to guide our planet into peace and harmony through greater awareness and integrity.

The 21-Day World Peace Meditation Experiment in 2023 will be conducted via Facebook and YouTube Live daily at 1:11 PM Eastern and anyone can participate in these efforts. To join, visit [TenMillionForWorldPeace.org](https://TenMillionForWorldPeace.org) and sign up. Registrants will receive email announcements with event details and our weekly newsletter.

Leading up to this remarkable event, the organization is conducting weekly meditations in their Facebook Group, [tenmillionforworldpeace](https://tenmillionforworldpeace.com) live every Sunday at 1:11 PM ET. Holding the intention, feeling, and vision of peace enhances the level of harmonious energy around the world, helping people get started to manifest more peaceful resolutions world-wide.

“Have you ever wondered, ‘I’m just one person, what can I do to help our planet?’” asks co-founder and co-director, MarBeth Dunn. “The questions elicits a sense of hopelessness until you realize the exponential power of your mind when joined with other minds in this kind of intentional meditation.”
