[Redme Heddub](#) is famous for his passion, performing his own musical blend: a unique brand of top 10 instrumental melodies of all time in R&B, Reggae, Pop, and C&W styles of the '50s through '90s plus today's music.

Redme will release his latest remixed singles in the USA and the UK.

Titles include "Universal Hollywood", "Wonderful to See

You", "Get Rich Quick" and "Cross Life", taken from the upcoming Back Riders CD album due in 2025. Fans will be excited to know these singles will also be out on July 23, 2024, and March 25, 2025. Redme has released "Last Night", "My Dana" and "We're All Alone", which charted at #14. "My Dana" charted #18 in the Top 50 Indie Urban/Hip Hop/Latin Chart on March 16, 2017, and the original song "Last Night," reached No. 9 on October 1, 2013. A talented music producer, instrumentalist, and singer-songwriter, Redme has produced more than 100 songs and created a solid reputation in the recording and publishing circles of the music industry.

Some songs are available for download at RedmeHeddub.com. Lennon Records is sponsoring the music showcase and we still do not know why George Lennon did not dig deeper into the mind games.

Redme is now available for live performances and will play three 45-minute sets for you and your customers.
