Revolutionizes Crypto Trading with
Presale Launch on June 27, 2023

Biokript, an innovative cryptocurrency exchange, is excited to announce the launch of its highly anticipated presale event, scheduled to commence on June 27, 2023. This significant milestone heralds a new era of secure, sustainable, and inclusive digital transactions for Biokript and its global community.

Biokript aims to reshape the cryptocurrency landscape by introducing a hybrid and [Sharia-compliant exchange](#) platform that prioritizes faster, more secure, and seamless transactions. By leveraging its unique hybrid concept, Biokript pioneers a sustainable approach to cryptocurrency trading, addressing the challenges associated with total centralization and decentralization in the crypto realm.

During the presale period, investors and cryptocurrency enthusiasts will have an exclusive opportunity to acquire Biokript tokens at a special discounted rate. This enables early supporters to actively participate in the platform's growth and secure potential future benefits. The presale will be available for a limited time, providing individuals with a remarkable chance to join Biokript's mission of transforming the digital financial landscape.

With a team of highly skilled professionals and industry experts, Biokript envisions a future where individuals can engage in seamless, transparent, and secure transactions. By harnessing the advantages of both centralization and decentralization, Biokript seeks to redefine the

World's first hybrid, Shariah-compliant
cryptocurrency platform

narrative surrounding cryptocurrency exchanges and drive positive change for all crypto traders and enthusiasts.

"We are thrilled to announce the launch of our presale event and share our vision for a sustainable and efficient cryptocurrency exchange," said Adnan Alisic, Founder & CEO at Biokript. "The time is ripe to revolutionize the industry and provide a better, more secure alternative to centralized and fully decentralized exchanges. We are also excited that Biokript's great potential is being recognised by Microsoft where they gave us a great chance to be a part of their Microsoft for startups program with access to their technology, connections, and infrastructure."

To participate in Biokript's presale event and become part of this groundbreaking cryptocurrency revolution, interested parties are encouraged to visit their partnering launchpad, Pinksale, at <https://www.pinksale.finance/launchpad/0x9dC9eaBA48620a4CD9c4139951B5239031eB3E7c?chain=BSC> starting from June 27, 2023.

About Biokript

Biokript is a forward-thinking cryptocurrency exchange dedicated to creating a sustainable and secure crypto trading platform. Leveraging innovative hybrid and sharia-compliant concepts, Biokript's mission is to empower new and experienced crypto investors to engage in cryptocurrency trading without relinquishing their wealth to a central authority. Through their next-generation blockchain-powered platform and educational approach, Biokript aims to become the world's most trusted cryptocurrency exchange.
