

Neuro Rehab VR Expands Offices to San Antonio

FORT WORTH, TX, UNITED STATES, June 26, 2023 /EINPresswire.com/ -- [Neuro Rehab VR](#), the makers of the XR Therapy System, today announced that they have expanded operations and facilities to include San Antonio, TX. This expansion enables Neuro Rehab VR's expert team of clinical VR specialists to provide in-person and virtual services to clients and partners at Lackland Air Force Base, the VA South Texas, UT Health San Antonio and local clinics.

We are very proud to bring the state of the art, next generation XR Therapy System and our team of VR experts to South Texas. We look forward to providing close support for our partners in the area."

Veena Somareddy

When asked about the recent expansion, Veena Somareddy, CEO, said, "We are very proud to bring the state of the art, next generation XR Therapy System and our team of VR experts to South Texas. We look forward to providing close support for our clients and partners in the area."

The new location has recently had all common areas refurbished and is equipped with ample working spaces

for employees, meeting spaces to work with partners that come to our office and available free parking.

Neuro Rehab VR continues to pioneer implementations that utilize the science of gamification in fully immersive environments to achieve better patient outcomes with shorter recovery times while improving clinician efficiency. The XR Therapy System continues to be the industry leader for providing physical, occupational, speech and recreational therapies with Virtual Reality.

About Neuro Rehab VR
