WILMINGTON, DELAWARE, UNITED STATES, June 26, 2023

/EINPresswire.com/ -- The fifth edition of the Sommeliers Choice Awards, where wines are judged by sommeliers, wine directors and on-premise wine experts is pleased to announce the winners of the 2023 competition.

The Sommelier Choice Awards provides on-premise buyers and sommeliers a valuable benchmark for understanding which wines would make a compelling addition to a wine list.

The wines were judged in five categories: food pairing ability, typicity, quality, value, and packaging. The judges ask themselves, would I stock this wine, and is it good enough for customers to order a second glass? Wines are graded out of 100, with only those above 95 points winning the coveted Double Gold award. There are also category awards, with best in show given to white, red, sparkling, rosé, and an overall winner every year, by the bottle and by the glass – reflecting how wine is presented in restaurants.

Here are the 5th edition results:
