

Bromelain Market is Estimated to Worth USD 47.69 Billion at a CAGR of 7% by 2032 | Reports and Data

Bromelain is being utilized progressively in a number of sectors, such as food and beverage, medicines, and cosmetics.

NEW YORK, U.S, UNITED STATE, June 26, 2023 /EINPresswire.com/ -- In 2022, the global size of [bromelain market](#) was USD 25.94 Billion, and it is projected to reach USD 47.69 Billion by 2032, with a forecasted revenue CAGR of 7%. The increasing utilization of bromelain in various industries such as food and beverage, pharmaceuticals, and cosmetics is due to its diverse health benefits that include anti-inflammatory, analgesic, and digestive properties.

Reports And Data

“

The global bromelain market size was USD 25.94 Billion in 2022 and is expected to reach USD 47.69 Billion in 2032, and register a revenue CAGR of 7% during the forecast period.”

Reports and Data

One of the major factors contributing to the market's revenue growth is the growing demand for bromelain in the food and beverage sector. Bromelain is not only used to create dairy products like cheese and yoghurt but is also used to tenderize meat. In the food industry, there is a high demand for natural food ingredients and clean-label products, which is driving the need for bromelain. Furthermore, the beverage industry is increasingly using bromelain in the production of various beverages, such as wine, juice, and beer, owing to its beneficial properties.
