As an employee-owned organisation, members of staff across the community interest company (CIC) are invited to nominate causes close to their hearts for donations ranging from £500 to £6000. A council of Governors made up of Provide Community employees selects the worthiest funding recipients from nominations. Every month, employees can submit nominations for funding, with this round representing a record amount.

“

Provide Group has seen extensive growth over the last year, and it was good to see nominations coming in from across the organisation in locations from Doncaster to Dorset”

Provide Community Vice-Chair of Governors, Michael Glassock

This month, a total of 76 charities and community groups are set to receive donations, including the Essex and Herts Air Ambulance Service, Families in Focus, Streets2Homes and Maldon Pioneers. Donations will also be made to national charities including Cancer Research, the Cystic Fibrosis Trust, and the Children’s Heart Foundation.

This year, Provide Community has seen significant growth and has exceeded its 2023 charitable giving figures by £56,500, donating to an extra 46 charities.

Provide Community Chair of Governors, [Nicola Yarnall](#) said: “We are delighted to have been able

to donate more than £176,000 on behalf of our members in 2023 in line with our ambition to donate £800,000 to charities and local causes in 2023-24. This money will support recipients to continue the fantastic work they do in our communities, supporting those who need them the most.

“This phase of funding is focused on being able to support organisations that are close to our members’ hearts, and it is wonderful to have added another £56,000 to last year’s total.”

Provide Community Vice-Chair of Governors [Michael Glassock](#) commented: “Provide Group has seen extensive growth over the last year, and it was good to see nominations coming in from across the organisation in locations from Doncaster to Dorset.

“This £176,500 will support 76 very diverse charities and community groups ranging from disability support and sports to health and animal welfare.” □
