## MAKE READY SERVICE SAVES VALUABLE TIME FOR MCKINNEY AND PLANO RENTAL PROPERTY OWNERS

Here is the background on this release. One large challenge in property management is tenant turnover. The time to prepare a rental home for the next tenant after cleaning up after a prior tenant might take months. Each month a rental home remains empty, a financial investment loses money. Single-family home property investors may need help to juggle various contractors to clean, fix and prepare a home for the next renter. Using a professional "make ready service" in McKinney, Plano, or other North Texas cities to coordinate repairs and maintenance could save time and money. A property management team in Plano, Texas, provides "make ready service" for rental homes in the North Texas suburbs. Single-family home rentals in neighborhoods like McKinney can receive a quick turn-around between tenants.
