Independent singer/songwriter Juliette

The simple acoustic chord progressions give the vocals and lyrics the spotlight for Juliette to bare her soul about a lost love in her life. “Ur Haunting Me” exudes authenticity, written with a broken heart and an acoustic guitar. The lyrics take a turn from sadness to strength while Juliette’s beautiful vocals drive the story to the end of a different kind of breakup song.

This is the very first release from the genre-crossing singer/songwriter who doesn't stick to one genre or subject. Her talent comes from her heart, and her unique sound is what makes her an artist that shatters the walls holding genres apart.
