

Mobile Edge Delivers Peace of Mind To Travelers This Summer Season

Delivering Power and Protective Laptop Cases Just in Time for Summer Vacation

YORBA LINDA, CA, UNITED STATES, June 29, 2023 /EINPresswire.com/ --

Whether on the go for work or for play, travelers need to know they can move with confidence. [Mobile Edge](#) offers a range of feature-rich protective briefcases, bags, and backpacks designed to keep laptops and mobile electronics organized and protected from bumps and drops.

“Investing in a quality laptop bag, briefcase, or backpack can make the difference between a pleasant summer outing or a disaster,” explains Paul June, VP of Marketing for Mobile Edge. “One accidental drop or spill and travelers can lose much more than a device. Just think about all the valuable, irreplaceable data they contain. That’s why choosing a protective case with sufficient padding and compartments for organization is crucial for peace of mind.”

Versatile Go-Bags

Equally at home in an office, dorm, or at the beach, the [Commuter Backpack](#) makes a perfect companion for travelers. At just over two pounds, it’s super lightweight so

users can move in comfort whether walking, biking, or riding a bus. It can hold up to a 16-inch laptop plus other small electronics, clothes, and even travel accessories. The Commuter’s sleek exterior is made of a scratch-resistant, non-abrasive Oxford fabric that is also water-repellent. Lockable zippers offer anti-theft protection in public settings, while a reflective back panel provides high visibility for added safety. The Commuter even features an external USB port and charging cable for connecting devices to a mobile power bank inside.

Originally designed for gamers but embraced by travelers as a versatile go-bag, the award-winning [CORE Gaming Backpack](#) offers ample storage and protection. It fits laptops and gaming consoles like PlayStation, Xbox, and Nintendo Switch plus storage for cables, chargers, headphones, keyboards, and more. The CORE Gaming Backpack is available in three versions, including the limited-edition CORE Gaming Backpack with White Trim. Perfect for those seeking a unique, one-of-a-kind item, the special edition makes an ideal gift. Like the Commuter, it also features an external USB port and charging cable for connecting to a mobile power bank.

The Eco-Friendly Briefcase is the newest addition to our line of environmentally-friendly cases. A casual, lightweight alternative to the traditional briefcase, the ECO Briefcase is constructed of all-natural cotton canvas and recycled plastic fittings, with more than 80% of the case biodegradable and Earth-friendly. A dedicated padded computer compartment keeps laptops up to 16 inches protected, while an integrated tablet pocket and separate sections for files, folders, magazines, and accessories keep gear organized and accessible.

With its all-natural cotton canvas exterior, Mobile Edge's ECO Laptop Messenger Bag packs a minimal carbon footprint. Featured in LAPTUP Magazine's "Ultimate Mobility Top Tech" issue, this messenger bag holds laptops up to 17 inches with separate sections for files, folders, and accessories. It's available in

For The Discerning Student... Bring It On!

Special Edition CORE Gaming Backpack with White Trim

It's available in

black, charcoal, navy blue, and olive.

For those who prefer the look and functionality of a backpack, another top eco-friendly option is the ECO Laptop Backpack. Like the ECO Messenger bag, this backpack features an all-natural cotton canvas exterior. It fits laptops up to 17 inches and comes in three earthy colors: black, navy blue, and olive green.

Backup Mobile Power

In today's increasingly mobile world, traveling with a reliable backup power source is a must, especially during long flights or when access to power is limited.

CORE Gaming's powerful new 24000 mAh Capacity Power Brick is the perfect solution for mobile power needs. Compact and lightweight, this airplane-friendly device features four outputs, including a built-in AC outlet, and can recharge four devices simultaneously. At 24,000 mAh (88WH), it can double a laptop's battery life or keep a smartphone charged for a week.

For those with less-demanding power requirements, the 20,000 mAh 18W PD+QC Fast Charge High-Capacity Power Bank is ideal for charging tablets, smartphones, and smaller USB devices. World class safety features include TSA-approved capacity, overvoltage protection, temperature regulation, and more.

Checkpoint-Friendly

With ScanFast™ technology, numerous Mobile Edge cases, bags, and backpacks are TSA Checkpoint-Friendly. This means you can leave your laptop in a dedicated compartment in your bag. Removing laptops at airport security can lead to accidental damage.

24,000mAh
PORTABLE LAPTOP CHARGER
RECHARGEABLE POWER STATION / AC OUTLET / USB

CHARGE UP TO 4 DEVICES AT ONCE

Device	Power Delivery
MacBook Pro 13" M2, 2022 \\ Windows Laptops	65W
MacBook Air \\ Surface Go \\ Notebooks	27W-45W
iPhone and iPad Fast Charge	20W

We've been ECO-FRIENDLY For Years

ECO Collection of environmentally friendly backpacks and messenger bags

An Extra Layer of Protection

Lastly, even with a top protective case, laptop sleeves are a great way to add an extra layer of cushioning and help prevent scratches and damage from minor impacts. Mobile Edge sleeves are available in a variety of bright colors to suit your style and color preferences.

Boost Your Summer Travel Budget

For a limited time, use promo code FIREWORKS at checkout from the Mobile Edge online store to receive 25% off Mobile Edge, CORE Gaming, Alienware, and other top brands. Some exclusions apply. Customers also get free shipping on orders of \$75 or more.
