

FE Masterworks™ Brings Iconic Star Trek Ships Home

CONCORD, CALIFORNIA, UNITED STATES, July 11, 2023

/EINPresswire.com/ -- [Factory Entertainment](#), the leading producer of licensed motion picture and television prop replicas, announced today that it will be unveiling a major new product line, called [FE Masterworks™](#), on July 19 at its booth (#2743) at San Diego Comic Con, launching with three Star Trek ship models.

FE Masterworks™ is a line of studio-quality spaceships, vehicles and props, featuring screen accurate lights, sounds and detailing.

Each fully-licensed FE Masterworks™ product is hand-built in the U.S. by veteran modelmakers with extensive experience building models for major motion pictures as well as leading theme park companies. Each is constructed using authentic film production techniques and materials to render a final product that is suitable for actual film use.

Headlining the FE Masterworks™ debut at Comic-Con are three iconic Star Trek starships created under license from Paramount Consumer Products:

- The U.S.S. Enterprise, as seen in Star Trek: The Motion Picture and Star Trek II: The Wrath of Khan;
- The U.S.S. Enterprise-D, featured throughout Star Trek: The Next Generation; and

FE Masterworks Star Trek Enterprise Refit

FE Masterworks Star Trek Enterprise D

- The U.S.S. Excelsior, as seen in Star Trek III: The Search For Spock and Star Trek VI: The Undiscovered Country.

A fourth Star Trek ship will make its debut later this summer.

"With modern CGI greatly diminishing the use of filming models in new motion pictures, fans of classic science fiction have come to appreciate even more the artisanship of the craftsmen

who built the detailed miniatures used in classic iterations of Star Trek and other iconic science fiction films and TV series," said Jordan Schwartz, President & CEO of Factory Entertainment.

"The FE Masterworks™ program is dedicated to preserving the art of building filming models, and gives the talented artisans who honed their skills on some of the classic models a chance to

again practice their craft, this time for the benefit of the most serious collectors who want to own not just a movie prop replica, but a true work of art."

“

The FE Masterworks™ program is dedicated to preserving the art of building filming models."
