

CVCU to Host Parenting and Education Homeschool Conference

CHULA VISTA, CA, USA, July 2, 2023

/EINPresswire.com/ -- On July 22, Chula

Vista Christian University will host a community parenting and education conference at their college campus, 1227 Eastlake Parkway, Chula Vista.

“

The CVCU model is designed to teach students of all ages to think critically and to solve real-world challenges. RFRSH 2023 will equip and encourage parents for the academic journey ahead.”

*Dr. Lisa Dunne, President of
CVCU*

Parents are invited to dynamic, engaging workshops on attachment parenting with local Marriage and Family Therapist Brian Reiswig; hands-on curriculum instruction for the My Father’s World program with curriculum founder David Hazell, personalized training in The Principle Approach, and academic support for special needs education, early learners, learning styles, keeping records in home education, and much more.

Dr. Lisa Dunne, president of [CVCU](#), says the [RFRSH Conference](#) is designed to support families in Chula Vista and beyond who are exploring alternative methods of

education for their preschool to college students. Through its on-campus and online programming, CVCU offers parent-driven, homeschool-based educational alternatives for students of all ages.

“CVCU is committed to serving the City of Chula Vista with affordable, innovative education,” Dr. Dunne says. “As a 20-year veteran of higher education and a lifelong homeschooling parent myself, I’ve seen the fallibility of traditional modern education. The CVCU model is designed to teach students of all ages to think critically and to solve real-world challenges. RFRSH 2023 will equip and encourage parents for the academic journey ahead.”

About CVCU: Chula Vista Christian University is a mentor-driven, faith-based, debt-free university offering in-person and online Bachelor of Arts and Science degree programs in computer science, mechanical engineering, psychology, political science, communication, pre-medicine, education, and entrepreneurship, with several emphasis opportunities. CVCU students learn in a cohort-based, self-directed model, where classes are conducted in circles instead of rows, through dialogue instead of lecture. CVCU provides a marketplace focus that utilizes mentorships and internships to develop real-world problem-solving skills. The Academy at CVCU

offers affordable core and elective course support for homeschooling parents from preschool through high school. Learn more at www.CVCU.us/theacademy.

About Dr. Lisa Dunne: Dr. Lisa is a dynamic, award-winning educator with 20 years of experience in higher education. She is the host of the MindsetMatters Radio Show (KPraise Radio) and the author of six books, including Outsourced: Why America's Kids Need an Education Revolution, The Multigenerational Marketplace, and The Science of Social Influence. She holds a PhD in Human Development, a Master's degree in Organizational Systems, and a Master's degree in Communication.
