

VRise Expands Scientific Advisory Board with the Addition of Leading Clinical and Translational Cancer Expert

VRise Therapeutics Inc. builds out advisory team with key appointment Dr. Colin Weekes of Harvard Medical School and Massachusetts General Hospital.

CAMBRIDGE, MASSACHUSETTS, USA, June 30, 2023 /EINPresswire.com/ -- VRise Therapeutics Inc., a precision oncology company, today announced the expansion of the company's Scientific Advisory Board with the inclusion of Dr. Colin Weekes, a leading expert in translational oncology.

Dr. Weekes is Associate Professor of Medicine at Harvard Medical School and the Director of Medical Pancreas Cancer Research, Hematology/Oncology at Massachusetts General Hospital. His primary research focus is on integrating targeted therapies and biomarker responses in pancreatic cancer clinical trial programs. His experience complements that of the existing SAB members and will help support efforts at VRise to bring their novel RAS inhibitor programs to patients.

Uday Kumar S., Founder, VRise, joined Anthony Tolcher, M.D. and CEO, Next Oncology and Chair of the advisory board at VRise in welcoming Dr. Colin Weekes. "We are delighted to have Dr. Weekes join our world-class scientific advisory board as we progress our lead programs into the clinic. The guidance of our SAB continues to be critical to our success".

"A greater understanding of the tumor microenvironment holds the promise of unlocking the full potential of RAS inhibitors, extending the benefits to greater patient populations than the current approaches allow." said Dr. Weekes. "I am excited to work with VRise Therapeutics, a promising precision oncology company, in support of this important mission."

About VRise Therapeutics, Inc.

VRise Therapeutics is a precision oncology company aspiring to bring transformative change to the lives of cancer patients. The company is working on novel biological targets by leveraging next generation technology and a global network to accelerate the discovery and development of breakthrough drugs.
