

JOHN HUSHER: TWO LIVES, TWO PATHS

John Husher tells the story of two twins who forge their own paths to success in his book, [By A River, On A Hill](#).

YORBA LINDA, CALIFORNIA, UNITED STATES, June 30, 2023

[/EINPresswire.com/](#) -- To turn aspirations into a reality, it is essential to keep moving forward, even when faced with obstacles and setbacks. By staying determined and dedicated, the dreams of today can become the achievements of tomorrow.

[By a River, On a Hill](#) is a book that tells the story of two twins who grow up in a small town in Pennsylvania during the depression. The book follows their lives as they navigate their careers and achieve success in their respective fields. The book covers a wide period, starting from their childhood and continuing through to their adult lives. It provides an in-depth look at the challenges and triumphs that the twins experience along the way, as they work to establish themselves and achieve their goals.

This book delves into the exciting and difficult journey of two twins as they work towards their dreams. From their childhood in a steel mill town to their eventual successes in business and technology, "By a River, On a Hill" paints a picture of determination and perseverance in the face of challenges.

John Durbin Husher was a well-known scientist and engineer who made his mark in the field of solid-state physics, particularly in the area of developing integrated circuits. He held executive positions at Micrel Semiconductor throughout his career, including twenty years as vice-president and general manager. Micrel Semiconductor is a manufacturer of semiconductor devices and other electronic components.

Experience the exciting journey of two twins as they work towards their dreams by purchasing [By A River, On A Hill](#) on [Amazon](#), Barnes and Noble, and other digital bookstores worldwide!
