The market in the Asia-Pacific region offers lucrative growth opportunities for the operating players owing to the presence of countries such as India, China, Australia, New Zealand, and others. The increase in adoption of the western lifestyle, the surge in population, and rise in disposable income of consumers majorly drive the growth of the onion salt market.

Moreover, an increase in awareness regarding onion salt products and its associated benefits have further augmented the growth of the market. Developing region offers potential growth opportunities to the market players for launching innovative onion salt products. Moreover, countries in Latin America, such as Brazil, are anticipated to unfold attractive business opportunities owing to an increase in consumer taste and flavor toward fast food.

By sales channel, the business to business segment held nearly 90% of the global onion salt market revenue in 2021, and is expected to dominate by 2031. The business to consumer segment, simultaneously, would cite the fastest CAGR of 6.7% throughout the forecast period.
