

# GLOBAL DATA SYSTEMS RANKS #2 AMONGST WORLD'S TOP MANAGED SERVICE PROVIDERS IN HEALTHCARE

*ChannelE2E's annual list reveals healthcare is a top market for managed service providers with vertical specialties*

LAFAYETTE, LOUISIANA, USA, June 30, 2023 /EINPresswire.com/ -- [Global Data Systems](https://www.globaldatasystems.com/), Inc. (GDS), a leading full-service managed service provider, ranks among the world's Top 100 Vertical Market MSPs (<http://www.channelE2E.com/top100>)

for 2023, according to ChannelE2E, a CyberRisk Alliance resource.

The annual list and research report identify and honor the top 100 MSPs in healthcare, legal, government, financial services, manufacturing and additional vertical markets. Additionally, this year's report revealed key MSP business, security and market trends and affirms that vertical market MSPs have vastly expanded their managed security capabilities.

“

This is a reflection of our dedicated team's relentless pursuit of excellence and our deep understanding of the unique IT and business challenges and opportunities within the healthcare industry.”

*Chris Vincent, President of  
Global Data Systems*

Among the report findings:

- In total, the top vertical market MSPs generated revenues of \$2.87 billion in 2022 compared to \$2.25 billion in 2021, representing a 27.5% increase year over year.
- In 2022, MSPs consolidated more heavily into two vertical markets in particular – Healthcare and Financial Services/Banking. Healthcare, which was also the biggest

market last year, remains the largest, and also the biggest mover, increasing from 18% in 2021 to 31% in 2022.

- Financial Services knocked Manufacturing out of the number 2 slot this year, growing from 13% in 2021 to 23% in 2022.

Rankings are based on annual recurring revenues in specific markets for the calendar year of 2022.

Global Data Systems was ranked among the top vertical market MSPs in Healthcare at #2.

“Being ranked #2 in Healthcare on ChannelE2E’s Top 100 Vertical MSP’s is a testament to our unwavering commitment to excellence in the healthcare industry,” said Chris Vincent, President of Global Data Systems. “We are dedicated to empowering healthcare organizations with innovative solutions, ensuring seamless operations, and improved outcomes. This achievement is a reflection of our dedicated team’s relentless pursuit of excellence and our deep understanding of the unique IT and business challenges and opportunities within the healthcare industry. We extend our gratitude to our valued clients and partners for their trust and collaboration, as together, we help shape the future of healthcare.”

“ChannelE2E and CyberRisk Alliance congratulate Global Data Systems on this honor,” said Jessica C. Davis, editorial director of ChannelE2E, a CyberRisk Alliance resource. “Vertical market MSPs tend to grow faster and enjoy better margins than the rest of the pack. They are able to specialize, standardizing their technology stacks for their specific vertical markets and training their staff to best serve those verticals, leading to more efficient operations.”
