(<http://www.collisionconf.com>) where industry giants and innovative startups

will converge to redefine the global tech landscape. With over 40,000 attendees from more than 140 countries, this year's event showcased the remarkable achievements and future of technology and innovation. Collision 2023 fulfilled its mission to generate brand awareness, foster networking, promote thought leadership, and facilitate lead generation, making it a must-attend event for tech enthusiasts worldwide.

“

We are excited to broadcast Collision Conference 2023 on DeFiance Media and to bring our audience even more exclusive content on the future of Tech and Web3,”

Marc Scarpa

Collision 2023 will premiere July 8th and July 9th on DeFiance.TV as a weekend marathon featuring highlights, panels and main stage keynotes from the conference. The all-day marathon will continue the following weekend July 15th and July 16th.

The Collision 2023 marathon will feature an impressive lineup of speakers, including Adam Selipsky, CEO of Amazon Web Services, CTO of AT&T Jeremy Legg, and

Michelle Zatlyn, co-founder and COO of Cloudflare. Other notable figures such as Tara Bunch, Global Head of Operations at Airbnb, and Geoffrey Hinton, the Godfather of AI at the University of Toronto. The conference aims to provide a platform for thought-provoking discussions and insights from industry leaders. With a diverse range of participants, including actors, activists, and CEOs, Collision 2023 promises to deliver to viewers a catalyst for groundbreaking ideas and transformative collaborations.

Collision will join DeFiance TV's innovation focused talk show and podcast lineup, which features
