

Over 340 Startups in Paris Recognized in HackerNoon's "Startups of the Year 2023"

HackerNoon, the technology publishing platform, is pleased to announce the nominees for Startups of the Year, featuring the most innovative companies in Paris.

PARIS, FRANCE, July 3, 2023 /EINPresswire.com/ -- HackerNoon, the independent technology publishing platform, is pleased to announce the nominees for its annual "[Startups of the Year](#)" awards, featuring the most promising and innovative companies in the Paris startup ecosystem.

We are thrilled to recognize the top startups in Paris and celebrate their achievements. Starting and sustaining a company is difficult. We're honored to showcase their work and impact."

Startups of the Year 2023 is a community-driven voting platform that recognizes startups that are changing technology and the world for the better. Starting May 8th, 2023, the internet can nominate and vote for the best ventures in their city. The voting period will remain open until December 31, 2023, and winners will be announced in January 2024 after a comprehensive evaluation by the HackerNoon team.

In its previous iteration, a total of 44,427 startups were nominated in 16 different regions, and the community cast 234,344 votes during a 6-month long campaign in favor of budding companies that were growing and trending across every major city in the world. The 1,382 winners received perks from sponsors and a free tech company news page from HackerNoon.

As a proponent of the open data movement, HackerNoon releases the unique social data gathered from Startups of the Year on GitHub as "[/where-startups-trend](#)" for valuable insights.

The list, compiled by the HackerNoon team, showcases 561 startups that are making significant contributions to the Paris economy and driving innovation in their respective industries.
