

A CITY THAT WILL FIGHT FOR THEIR OWN RIGHT

Author Carl H. Mitchell creates a City with its own constitution in an apocalyptic era

TORONTO, ONTARIO, CANADA, July 3, 2023 /EINPresswire.com/ -- Lenora Allison was the president of the United States in the year 2058. When a new battle against non-stop plagues came to the country, these plagues were suspected to be manufactured by the World Council. The government stopped the first plague, but how sure are they that they could survive another one?

[Amazon](#) book reviewer, Karrie, shares that "Carl H. Mitchell takes us on an adventure to the year 2058 version of New York in a time when the United States faces some of its worst challenges. Nick Garvey of the NYPD, and Lenora Allison, the President of the United States, will have to stand up to the greatest challenge of the times. The two heroes must stand to prevent the forceful introduction of a plague invented to wipe out a large part of the remnant population. Friendship city is a futuristic, fast-paced adventure that will blow your mind with suspense and action. Carl H. Mitchell did justice to this well-articulated story."
