“

The Portable Dishwasher market is expected to witness significant growth due to rise in urbanized population, increase in spending on home improvement and technological advancements in home appliances”

Roshan Deshmukh

The global portable [dishwasher market](#) size was valued at \$4,594.3 million in 2020, and is projected to reach \$9,829.1 million by 2030, registering a CAGR of 9.9%.

Technological up gradation in appliances is majorly attracting consumers to buy and replace their old home appliances. Many appliance manufactures are upgrading products to stand apart from their competitors. Thus, dishwashers are now available with built-in and portable technologies, which is further anticipated to positively influence the global portable dishwasher market throughout the forecast period.

In the recent past, the home appliances sector has been enduring with some influential trends, which has successfully gained the attention of the target customers. Improved aesthetic trend is one of those influential factors that help drive the demand for home appliances such as portable dishwashers. Black turns out to be the most preferred color among the customers even when it comes to buying any kind of kitchen appliance. Taking this view into consideration, some of the key manufacturers in the global kitchen appliances market have been adopting several key product strategies. For instance, Whirlpool Corporation is one of the key players in the global portable dishwasher market that strategizes on coming up with majority of its appliances in black stainless with rich matte look, making it attractive and alluring for its customers.

By distribution channel, the e-commerce segment was valued at \$561.6 billion in 2020, and is expected to reach \$1,318.7 billion by 2030, registering a CAGR of 11.0% from 2021 to 2030. This is attributed to easy accessibility offered by online platforms make them a popular medium for the purchase of white goods products. In addition, easy availability of information and demo provided about the appliances and the facility of home delivery foster the sale of portable dishwasher through the e-commerce segment.
