"I am very grateful and so humbled to record our National Anthem, which we recorded with a full orchestra," says Owens. "It brought tears to my eyes when we would play it back in the studio. Filming the music video in Arlington Cemetery was overwhelming."

Owen's new album, AMERICAN PATRIOT, is a bold, proud, powerful concept collection that bridges an unwavering love of country with the themes of faith and family that have always played a significant part in her artistry. The album includes notable tracks such her latest single ["America First,"](#) ["Stand for Life,"](#) and the surprise smash hit ["Trump Won,"](#) which became a viral hit in recent earlier this year amassing over 70 million social media impressions, despite shadow banning and widespread reports of posts, retweets and shares being removed on nearly all platforms. The song shocked the music industry upon it's release in March, immediately debuting at #1 on iTunes before debuting at #5 on the BILLBOARD Digital Sales Chart and #2 on the BILLBOARD Country Digital Song Sales Chart. The music video went viral leading to appearances on War Room with Steve Bannon, The Eric Metaxas Show, Lindell TV with Mike Lindell, One America News Network, among others. Former President Donald J. Trump even posted about the single at TruthSocial.
