The Business Research Company's global market reports are now updated with the latest market sizing information for the year 2023 and forecasted to 2032"

The Business Research Company

The growth in the global eco-friendly food packaging industry is due to growing consumer awareness about the drawbacks of using single-use and non-degradable plastic products for food packaging. North America region is expected to hold the largest eco-friendly food packaging market share. Major eco-friendly food packaging companies include Amcor, Mondi plc, Sealed Air Corporation, Ball Corporation, Tetra Pak, BASF, Huhtamaki

Oyj, Westrock, Smurfit Kappa Group, Sonoco, Evergreen Packaging.

Eco-friendly food packaging refers to a process in which food is packaged using materials that are safe for the environment and can be degradable. The materials must be contained in order to prevent tampering or contamination from physical, chemical, or biological sources; active packaging is the most popular type of packaging used to keep food products safe.
