"When you donate, purchase a ticket or become a sponsor, your support is invaluable and can help to change the lives of children around the world," says the Innocent Lives Foundation.

Founded in 2017, the Innocent Lives Foundation is a charitable organization identifying online

child predators to facilitate prosecution. As a non-vigilante entity, the foundation collaborates globally with law enforcement agencies. Their vision is to create a world where every child can enjoy an innocent life. Leveraging pioneering online investigative methods, the dedicated team at ILF tirelessly tracks down the most dangerous offenders, including pedophiles, sexual predators, and human traffickers. They subsequently supply crucial evidence and identifying details to law enforcement agencies both in the United States and internationally, aiding in the apprehension and arrest of these individuals.

Since its establishment, the organization has actively handled hundreds of cases, with nearly 500 accepted by law enforcement. Standing on the principle of no vigilantism, ILF focuses on creating no loopholes for predators. At the Innocent Lives Foundation, the priority lies in protecting and serving endangered children. Whether it's making decisions, formulating policies, or strategizing for the future, their primary question is always, "How will this impact children?"

"It can cost up to \$5,000 to produce one file sent to law enforcement. Let's make a world where all children can live innocent lives," says the Innocent Lives Foundation.
