In a campaign video posted July 4th, Colley highlighted one of his signature community based platforms called “The No Neighborhood Left Behind” initiative where he discusses “Bridging the gap between communities”. With

the train tracks and two communities on each side as the backdrop, Colley energetically discusses his plan to bring everyone in the county together, restore the public trust and provide the kind of transparency that voters desire for the Douglas County Sheriff's Office and what he calls the “Keys for success”.

Colley states “I have received an overwhelming amount of support from a broad coalition of

voters who desire the kind of fresh and innovative leadership that I'm going to provide as the next Sheriff of this great county. Like no other, my law enforcement command staff and community leaders will ensure that our families and communities are safer than ever while also providing best in class community partnerships that will serve as the foundation for everything that we do. And within that, I am going to leverage my experience in empowering and supporting our young adults and juveniles who are too often left behind. Douglas County has asked, and I am honored to heed the call" Colley went on to say.
