medical background checks, and a unique and stringent process of analyzing patient reviews from across numerous publicly available sources that would yield a minimum of a 4.2 patient satisfaction rating.

Dr. Greenspan has earned the 2023 Women's Choice Award Best Doctors designation demonstrating a strong commitment to patients. Dr. Greenspan strives to enhance his patients' quality of life, providing individualized care for optimal results. [Dr. Julia Greenspan](#) has been a naturopathic doctor for over fifteen years and author of the book “Rising Above Lyme Disease.” Her focus

in tick-borne disease stems from living in the New England area, one of the most infested areas with infected ticks.

Dr. Greenspan shares her enthusiasm by stating, "I'm grateful to accept the Women's Choice Award Best Doctors for exceeding the expectations of care. This recognition celebrates my personal achievements and the strength of women in healthcare. I'm grateful for the trust my patients place in me as well as the support of my colleagues and staff. My goal from day one has been to meet the needs of my patient's by providing individualized healthcare using my skills as an integrative medicine provider to interweave different philosophies to address the unique needs of each patient. I love practicing medicine and look forward to many years of service in a time when we need creative thinkers in medicine more than ever."

Delia Passi, Founder of Women's Choice Award and leading consumer advocate for women says, “Women carry the burden of finding the best doctors for her and her family. We have helped millions of women find the Best Hospitals, Mammogram Centers, Breast Centers and Nursing

Homes for a dozen years and it's time we help her find the Best Doctors".

Earning the Women's Choice Award is particularly challenging as it entails meeting specific criteria points as indicated in a national survey by women across America. And as research shows, women are the chief healthcare officers of the household, and have the highest expectations of their providers- as they should.
