MMG Virtual Services for issuers struggling to get out of the "expert market" or issuers desirous to become SEC reporting co and or Reg A filers

WEST PALM BEACH, FLORIDA, UNITED

STATES, July 10, 2023 /EINPresswire.com/ -- [Mina Mar Group \(MMG\)](#) is a provider of accounting, CFO, board advisory, investor relations, SEC reporting, and sales and marketing services. The company's mission is to empower businesses with the financial and strategic guidance necessary to thrive in today's competitive landscape. With a team of experienced professionals, MMG is committed to delivering exceptional results and building long-lasting partnerships with its clients.

With the recent rule changes namely September 2021 and March 2023 in the OTC Markets space with the introduction of the "expert market level" many OTC issuers are ill-prepared to meet the new demanding and routine mandatory reporting standards now imposed by the SEC & OTC.

MMG is pleased to announce its official re-launch of OTC [Virtual services](#), encompassing providing a comprehensive range of accounting, CFO, board advisory, investor relations, SEC reporting, and sales and marketing services to businesses in need of expert financial and strategic guidance. With a team of seasoned professionals and a commitment to delivering exceptional results, MMG aims to become a trusted partner for companies seeking to navigate the complexities of the modern business landscape.

The OTC sweep continues with issuers ranked "yield" or a "stop" sign that is not brought quickly into compliance being demoted to the expert market. This demotion automatically leads to the loss of the 15c211 qualification.

Led by a group of experienced industry veterans, MMG brings a wealth of knowledge and expertise to its clients. The company's primary goal is to help businesses achieve their financial objectives, optimize operations, and enhance overall performance.

"We are thrilled to re-launch the MMG virtual executive services and offer our expertise to
