

Virtual Summer Travels Start With Top Brands From CORE Gaming

Arozzi Products in High Demand for Summertime Gaming

YORBA LINDA, CA, UNITED STATES, July 12, 2023 /EINPresswire.com/ -- With [CORE Gaming](#) and its top brand partners, gamers can enjoy their own form of summer travel. They can embark on virtual adventures, explore vast landscapes, or engage in epic quests—all from the comfort of their gaming devices wherever they happen to be.

Arozzi Products in High Demand for Summertime Gaming

CORE Gaming helps with amazing summer deals on its major restock of inventory from top gaming brands vetted for quality, performance, and style.

“

Whether lounging by the pool, traveling, or spending time outdoors, gamers can count on Arozzi to give any gaming session a boost.”

*Paul June, VP of Marketing
CORE Gaming*

“One of this summer’s top choices is gear from [Arozzi](#), one of our most popular partners,” says Paul June, VP of Marketing for CORE Gaming. “Whether lounging by the pool, traveling, or spending time outdoors, gamers can count on Arozzi to give any gaming session a boost.”

Founded in Sweden in 2013, Arozzi produces gaming desks, chairs, headsets, eyewear, and other performance gaming accessories. As a partner of CORE Gaming, their products are all backed by CORE Gaming’s 100% customer

satisfaction guarantee.

The entry-level [Milano Gaming Chair](#) is one of Arozzi’s most consistent sellers. It incorporates all the supportive comfort of an ergonomic office chair so gamers can work or play for long hours. Features include extra padded armrests, two support pillows for the neck and back, a rocking function that tilts the seat and backrest up to 12 inches, and an adjustable height gas spring that supports up to 209 pounds. It’s available in red, white, blue, or black.

The Arozzi Arena Fratello Curved Office/Gaming Desk was created by Arozzi's Swedish designers to optimize the gaming and computing experience. Features include a full-surface, water-resistant, machine-washable mouse pad, cutouts for cable management and monitor attachment, and sturdy steel legs.

The Arozzi Aria is a versatile and capable polyurethane (PU) leather padded headset with aluminum frames. Other highlights include a detachable microphone, mute button, and volume control. Color options include black and red.

The Arozzi Favo is a featherweight gaming mouse with a powerful Pixart 3389 sensor and Omron 20M switches. Built for speed, control, and comfort, the mouse's honeycomb pattern provides ventilation to keep palms cool and fresh during use. The Favo also comes with RGB lighting that can be controlled directly on the mouse. Color options include black, red, and gray.

The Velocità Simulator Stand is compatible with almost every racing simulator and 5-star base computer chair. Ideal for racing simulator enthusiasts who want to experience the full racing experience, gamers can adjust to fit their position preferences. They can also attach a gear-shifting box, steering wheel, and pedals.

While it might not sound like the most exciting part of a gaming ensemble, the Arozzi Velocità Floor Mat plays a vital role. Custom-made to fit the Velocità racing simulator, this mat protects floors and stays put due to its anti-slip material.

Built to last, gamers can sit in comfort with Arozzi's newly upgraded Verona Signature Gaming Chair
