Set in the aftermath of World War III, the book follows the extraordinary journey of a 10-year-old boy named George Elandier "Gee" Evansen. Struggling to survive amidst the ruins, Gee's daily mission revolves around scavenging for food and items to trade. While this may seem mundane in the midst of chaos, his life takes a dark turn when he discovers that his father, mother, and sister have fallen victim to cannibals.

As Gee navigates this desolate and perilous world, he finds himself entangled with a group of criminals. Narrowly escaping their clutches, he uncovers a stunning ability to teleport. In a world where being alone is daunting, Gee not only manages to survive but also strives to make his environment better, despite its devastating state. D.L. With each page, readers will deeply empathize with Gee as he faces adversity and overcomes unimaginable obstacles.
