Segment Analysis:

The gate driver IC market share is analyzed on the basis of variant, sales type, distribution channel, and region. By variant, the market is divided into only scrubber, and scrubber & dryer. By sales type, it is divided into new sales, and aftermarket. On the basis of battery run time, it is classified into less than 4 hours and more than 4 hours. By cleaning efficiency, the market is divided into up to 1500 m2/hour and more than 1500 m2/hour. Region wise, the market is analyzed across North America (the U.S., Canada, and Mexico), Europe (the UK, France, Germany, Italy, and rest of Europe), Asia-Pacific (China, Japan, India, South Korea, and rest of Asia-Pacific), and LAMEA (Latin America, the Middle East, and Africa).
