

2023 Global "Ocean Freight Market" Survey, Key-Players | Forecast 2029, With 121 Pages

*Top Key-players of "Ocean Freight Market" in 2023 are:-
Hellmann, GEODIS, Kerry Logistics, CEVA Logistics, DB
Schenker, CJ Logistics, Nippon Express, Expeditors*

Ocean Freight

PUNE, MAHARASHTRA, INDIA, July 12, 2023

/EINPresswire.com/ -- Global "[Ocean Freight Market](#)"

Insight Reports 2023-2029 - refers to the global industry that deals with the transportation of goods by sea. It plays a crucial role in international trade, enabling the movement of large quantities of goods across long distances. Ocean freight involves the use of cargo ships, also known as container ships, which are specifically designed to carry various types of cargo in standardized containers.

The global Ocean Freight market size was valued at USD 74901.67 million in 2022 and is expected to expand at a CAGR of 3.09% during the forecast period, reaching USD 89906.44 million by 2029.

The ocean freight market is highly competitive and dynamic, with numerous shipping companies and carriers operating worldwide. These companies offer a range of services, including full container load (FCL) and less than container load (LCL) shipments, as well as specialized services for specific industries such as oil and gas, automotive, and perishable goods. This report also provides information about Market Size, Top Trends, Growth Dynamics, Segmentation Analysis and Business Outlook with Top Manufactures. Ocean Freight market research is spread across 121+ pages and provides exclusive data, information, vital statistics, trends and competitive landscape details in this niche sector. Several factors influence the ocean freight market, including global trade volumes, economic conditions, fuel prices, regulations, and geopolitical factors. The demand for ocean freight services is closely tied to global economic activity and consumer demand for goods from different regions. Changes in trade policies, such as tariffs or trade agreements, can also impact the market by altering trade patterns and shipping routes.

The ocean freight market is characterized by fluctuations in freight rates, which are influenced by supply and demand dynamics. When there is high demand for shipping capacity and limited vessel availability, freight rates tend to rise. Conversely, when demand is low and there is excess

capacity, rates may decrease. Freight rates are also affected by factors like bunker fuel prices, port congestion, and seasonality.

To navigate the ocean freight market efficiently, shippers and logistics providers often work with freight forwarders or non-vessel operating common carriers (NVOCCs). These intermediaries help facilitate the transportation process by managing documentation, negotiating rates, and coordinating shipments with carriers.

In recent years, digitalization has been transforming the ocean freight market. Technology solutions such as online freight marketplaces, blockchain-based platforms, and advanced analytics tools are being adopted to streamline processes, improve transparency, and optimize supply chain operations.

List of Top Manufactures in Ocean Freight Market Report 2023 are:

- Hellmann
- GEODIS
- Kerry Logistics
- CEVA Logistics
- DB Schenker
- CJ Logistics
- Nippon Express
- Expeditors
- C.H. Robinson
- Hitachi Transport
- DSV
- DHL Group
- Kuehne+Nagel

The Ocean Freight market is segmented by Types:

- Full Container Load (FCL)
- Less-Than Container Load (LCL)

The Ocean Freight market is segmented by Applications:

- Agricultural
- Automotive
- Beverage
- Electronic

- Other

The Readers in the section will understand how the Ocean Freight market scenario changed across the globe during the pandemic, post-pandemic and Russia-Ukraine War. The study is done keeping in view the changes in aspects such as demand, consumption, transportation, consumer behavior, supply chain management, export and import, and production.

You will get answers of following questions in this report: -

- Which are the main companies that are currently operating within the Ocean Freight market?
- What are the factors that are predicted to propel the growth of the Ocean Freight market?
- What are the factors that are expected to limit the growth of the Ocean Freight market?
- Which company had the largest Ocean Freight market share?
- What are the main opportunities available in the Ocean Freight market?
- What are the market size and growth rates of the various segments within the Ocean Freight market?

The reports help answering the following questions:

- What's the current size of the Ocean Freight request in different regions?
- How is the Ocean Freight request divided into different product parts?
- How are the overall request and different product parts growing?
- How is the request prognosticated to develop in the future?
- What's the request eventuality compared to other countries?

Detailed TOC of Global Ocean Freight Market Research Report 2023

1 Ocean Freight Market Overview

1.1 Product Overview and Scope of Ocean Freight

1.2 Ocean Freight Segment by Type

1.2.1 Global Ocean Freight Market Size Growth Rate Analysis by Type 2022 VS 2029

1.3 Ocean Freight Segment by Application

1.3.1 Global Ocean Freight Consumption Comparison by Application: 2017 VS 2022 VS 2029

1.4 Global Market Growth Prospects

1.4.1 Global Ocean Freight Revenue Estimates and Forecasts (2017-2029)

1.4.2 Global Ocean Freight Production Capacity Estimates and Forecasts (2017-2029)

2 Market Competition by Manufacturers

2.1 Global Ocean Freight Production Capacity Market Share by Manufacturers (2017-2022)

2.2 Global Ocean Freight Revenue Market Share by Manufacturers (2017-2022)

3 Production and Capacity by Region

3.1 Global Production Capacity of Market Share by Region (2017-2022)

3.2 Global Revenue Market Share by Region (2017-2022)

3.3 Global Production, Revenue, Price and Gross Margin (2017-2022)

3.4 North America Ocean Freight Production

3.4.1 North America Ocean Freight Production Growth Rate (2017-2022)

3.4.2 North America Ocean Freight Production Capacity, Revenue, Price and Gross Margin (2017-2022)

3.5 Europe Ocean Freight Production

3.5.1 Europe Production Growth Rate (2017-2022)

3.5.2 Europe Production Capacity, Revenue, Price and Gross Margin (2017-2022)
