"Anand brings both an entrepreneurial and engineering mindset to risk management, investing, and risk governance," said David R. Koenig, President and Chief Executive Officer of the DCRO Institute. "We are pleased he has completed our program, as the governance of risk-taking is essential in the world where he works."

The Certificate in Risk Governance® is awarded to those who have completed The Board Members' Course on Risk® - an intensive 17-course education program and evaluation. The curriculum is designed for current and aspiring board members who seek to advance the governance of risk-taking at their organizations and those who interact with boards. Taught by some of the world's leading figures in risk governance, the program features lessons by nearly 50 board members, c-level executives, and well-known authors from five continents. No course on risk for board members as robust as this - depth, practicality, and global expertise - exists

anywhere else.

"I am so glad that I discovered the DCRO Institute to further my board journey," said Mr. Thangaraju. "I am part of many Risk trade organizations, but I couldn't find sufficient materials on corporate risk governance targeted towards the independent board director. I learned so much from the lectures and additional readings, and I am sure these materials will come in handy for any board situation you would imagine," he continued.

The fundamental Duty of Care for directors around risk is to ensure that our organizations take risks well in pursuit of our goals and ambitions. This course furthers the fulfillment of that duty.
