

Vipera Pioneers AI Advancements: Secures Novel Financing for Revolutionary NVIDIA DGX H100 Initiative

Vipera secures financing for NVIDIA DGX H100, marking a new AI era as North America's only NVIDIA-certified training partner.

GERMANY, July 13, 2023

/EINPresswire.com/ --

In an unparalleled stride, Vipera, an industry leader in artificial intelligence (AI), has announced a landmark financing deal for its latest venture, the [NVIDIA DGX H100](#). This remarkable AI system, which comes with both 8x and 4x GPU options, offers unparalleled computing power. Vipera stands as the sole certified NVIDIA training partner offering financing in North America, marking a new era of AI expertise.

The H100, the new jewel in Vipera's crown, is poised to redefine the boundaries of AI systems. Thanks to its partnership with NVIDIA, the global front-runner in AI computing platforms, the [DGX H100](#) stands as a testament to Vipera's commitment to delivering next-gen technology that truly empowers businesses to excel in their AI endeavors.

Vipera's success in securing FINANCING NVIDIA DGX H100, available in 8x and 4x GPU versions, reaffirms its formidable presence in the AI sphere. This financial milestone will stimulate further growth and research development for Vipera, underscoring the value and potential of the DGX H100 in the fast-paced AI industry.

This represents a landmark moment for Vipera," declared Ahmad Tamim, Vipera's CEO. "As the
