

ibuyhaus Announces Fast Home Selling University to Educate Oregon and Washington Homeowners in Cash Home Selling Process

Company launches free educational platform to assist homeowners in Oregon and Washington sell their homes quickly and easily.

PORTLAND, OREGON, USA, July 18, 2023 /EINPresswire.com/ -- ibuyhaus, a property investment firm that specializes in buying houses for cash, today announced the launch of its educational platform, the Fast Home Selling University (FHSU). This initiative, specifically designed for homeowners in Oregon and Washington, is created to educate and empower individuals seeking to sell their houses quickly, particularly in cash transactions.

The Fast Home Selling University provides an array of free resources and interactive sessions. These are carefully curated to provide homeowners with the essential knowledge and tools they need to navigate the complex process of quick home selling. Notably, the FHSU does not grant degrees, certificates, or diplomas, but instead serves as a freely accessible resource for homeowners who are considering selling their properties.

The program was designed by expert home buyer and ibuyhaus founder, Dustin McGuirk. "Our mission at ibuyhaus has always been to provide a seamless and stress-free experience for homeowners who need to sell their houses quickly," says McGuirk. "The Fast Home Selling University aligns perfectly with this goal, as it empowers homeowners with valuable insights and knowledge about the process."

McGuirk's wealth of experience in buying and selling homes across Oregon and Washington heavily influences the curriculum. The resources provided will offer a comprehensive guide to the nuances of these particular markets, from understanding local property values to insights about navigating negotiations for a profitable home sale.

FHSU adopts a micro-course format, offering a curriculum that's both engaging and simple. Each lesson is simple and carefully structured, breaking down complex real estate concepts into easily digestible content. Incorporating elements of fun and real-world examples, FHSU enables home sellers to learn at their own pace, integrating the learning experience seamlessly into their daily lives. The aim is to empower home sellers with the knowledge they need to confidently navigate the home selling process.

While ibuyhaus is best known for its 'we buy houses for cash' business model and our Fair Price Promise (<https://www.ibuyhaus.com/promise>), the launch of the Fast Home Selling University affirms the company's commitment to community service and knowledge-sharing.
