

HMP Global's 2023 Evolution of Psychotherapy makes grand return to Anaheim, California for practice-changing conference

Living legends of psychotherapy reunite to educate, inspire, motivate, and reinvigorate attendees' passion for the field; registration is now open for 2023.

MALVERN, PENNSYLVANIA, UNITED STATES, July 20, 2023

/EINPresswire.com/ -- HMP Global's Evolution of Psychotherapy conference is making its grand return to Anaheim, California for a five-day, integrated forum where the living legends of psychotherapy, breakout thinkers, and on-the ground professionals will connect, engage, support, and reinvigorate attendees' passion for the field.

Evolution of Psychotherapy is the premier event for psychotherapy education with an educational program featuring more than 90 sessions led by 35-plus world-renowned speakers.

The meeting will be held December 12-17 at the Anaheim Convention Center and is the official meeting of the Milton H. Erickson Foundation. Described as "a golden opportunity for mental health professionals," the faculty lineup at the 2023 meeting includes some of the world's foremost psychotherapists and experts in the field of mental health.

Evolution of Psychotherapy is the premier event for psychotherapy education with an educational program featuring more than 90 sessions led by 35-plus world-renowned speakers. Educational tracks include clinical demonstrations, conversation hours, invited addresses, great conversation sessions, speeches, invited panels, in-depth workshops, keynotes, and two pre-conferences.

"This is the first time since 2017 that Evolution of Psychotherapy will be held in Anaheim," said Dr. Jeff Zeig, Director of the Milton H. Erickson Foundation. "In developing the educational agenda, we look for commonalities that underly successful clinical work and we develop sessions that will fit the needs of practicing clinicians. Our 2023 meeting will examine the current challenges in mental health, and both the research-based best practices and novel approaches to improving patient care and outcomes.
