A variety of work is carried out for a wide range of clients, a unique project Cadmap worked on was for BBC Top Gear, they had to measure and set out/mark out on an airport runway exactly 1000m distance for the world record speed for a tractor. BBC Top Gear smashed the record with a time of 87.271 mph. BBC Top Gear and Guinness book of world records reached out to Cadmap Limited as they required a full accredited company able to provide such a service and sign and witness the entry into the book. <https://cadmap.co.uk/About/CompanyNews2023>
