

PeopleCert unveils PRINCE2® 7: A major upgrade to the world's leading project management method

LONDON, UNITED KINGDOM, August 2, 2023 /EINPresswire.com/ -- [PeopleCert](#), the global leader in best practices for IT service management, project, programme and portfolio management, is delighted to announce the release of [PRINCE2® 7](#), the latest update to its globally recognized and respected project management method.

PRINCE2® 7 is the culmination of research, feedback from the global project management community, and our continuous dedication to provide a robust, effective, and agile project management framework."

Byron Nicolaidis, Founder & CEO, PeopleCert

PRINCE2® has a storied heritage spanning over 30 years as a global leading project management It is univer-sally applicable to any industry and any type of project, irrespective of size or complexity, and has been utilized in more than 200 countries. This global ubiquity has made PRINCE2® the go-to project management framework for thousands of leading enterprises worldwide, where millions of professionals have trusted it in managing their projects.

Building on this robust foundation and industry-wide respect, the PRINCE2® 7 method continues to offer a scalable approach to project management, with a renewed

focus on the flexibility and adaptability required for today's fast-paced, digital-centric project environments.

Key updates empowering success with PRINCE2® 7 include:

1. **Universal Applicability:** PRINCE2® 7 is relevant to all professionals, not only project managers. A project-oriented approach can be embraced by those in every role involved in project activities, applying it to any endeavor.
2. **The Latest AI Guidance:** PRINCE2® 7 integrates the latest artificial intelligence (AI) guidance, enabling projects to leverage AI's predictive and analytical capabilities for more effective and innovative project management.
3. **Further Focus on People Management:** Acknowledging the significance of human capital in

project success, PRINCE2® 7 prioritizes effective people management, enabling teams to excel and deliver exceptional results.

4. Enhanced Flexibility and Customization: Understanding that each project is unique, PRINCE2® 7 provides enhanced flexibility and customization options, tailoring the method to suit your project's specific requirements.

5. Embracing Digital and Data Management: In an increasingly digitized world, PRINCE2® 7 equips you with tools to leverage digital technologies and data management efficiently, ensuring your projects stay ahead in the digital era.

6. Integration of Sustainability into Project Performance: Sustainability is a crucial concern for businesses worldwide. PRINCE2® 7 incorporates sustainable practices, aligning projects with environmental and social responsibility goals.

7. Compatibility with Agile, Lean, and ITIL: PRINCE2® 7's adaptability extends to its compatibility with other popular methods like Agile, Lean, and ITIL, ensuring seamless integration for enhanced project performance.

"We are extremely proud to introduce PRINCE2® 7, which is the culmination of extensive research, feedback from the global project management community, and our continuous dedication to provide a robust, effective, and agile project management framework," said Byron Nicolaidis, Founder and CEO of PeopleCert. "This version further validates PRINCE2's relevance and adaptability to the changing project management landscape."

PRINCE2® 7 training and certification will be available worldwide from certified training providers from 4 September 2023. For more information, visit the PeopleCert website.
