## The Conference Executive Summary

We are Powerful! As women, every day, we balance our personal and professional lives. This conference is an opportunity for Black women to unite for a journey of self-transformation and recognize and own our Power. It is a time to reset and be fearless, steadfast, and persistent in our decisions.

In the words of Audre Lorde, "When I dare to be powerful, to use my strength in the service of my vision, then it becomes less and less important whether I am afraid." Part of owning Your Power is about cultivating yourself as a leader and establishing healthy boundaries, as well as taking up and owning your space; this will be the ultimate transformation. Ladies, "The Power of You" is your front-row seat to greatness.
