

MyTown Health Partners Focuses on Urban Markets with CityLife Health Partnership

MyTown & CityLife Health Partner to expand access to high quality and equitable care to medically underserved populations in Philadelphia, Newark, and Camden.

PHILADELPHIA, PA, UNITED STATES, July 21, 2023 /EINPresswire.com/ -- MyTown Health Partners ("MTHP"), a comprehensive practice management services organization recently formed by Webster Equity Partners, is thrilled to announce its groundbreaking partnership with CityLife Health. Recognizing that improving health begins with accessible and comprehensive care within local communities, CityLife Health is actively tackling urban healthcare access deserts through the development and operation of clinics as well as onsite and virtual programs designed specifically for Medicaid recipients in Philadelphia, Newark, and Camden.

Matthew Flynn and Amy Radcliff

"MyTown's partnership with CityLife Health represents an important strategic step in the development of our expanded strategy of ensuring access to high-quality and outcome-driven care in medically underserved markets," says Matt Flynn, CEO of MyTown Health Partners. "This builds on our initial work of focusing on rural communities, applying the same principles of building partnerships with innovative providers who strive to remove barriers of access for Medicaid recipients who live in urban communities."

Flynn continued, stating "CityLife Health collaborates closely with community stakeholders in Philadelphia, Newark, and Camden to comprehensively tackle access and address social

determinants of care through multiple mediums, including traditional office-based services, virtual care, and various onsite clinics. These creative and solution-focused approaches align perfectly with our vision of Enhancing the Delivery of Care Locally."

CityLife Health's delivery platform combines virtual and physical care delivery, comprehensive care coordination, and outreach to deliver high quality healthcare services. With the aim of expanding both the scale and scope of services provided in these communities and beyond, the partnership between MyTown Health Partners and CityLife Health promises to revolutionize healthcare access and outcomes for medically underserved populations.

Headquartered in Pittsburgh, Pennsylvania, MyTown Health Partners will identify and partner with leading rural and urban healthcare providers who wish to pursue a strategic partnership with the capital resources and expertise to invest in their practice infrastructure and position them for continued growth in their local markets. By joining MTHP, physicians will continue to be able to focus on delivering excellent patient care to their communities while benefiting from collaboration with MyTown Health Partners' resources, management team, and targeted investments.
