BIRMINGHAM, ALABAMA, UNITED STATES, July 23, 2023

/EINPresswire.com/ -- Tecia McLaughlin released her first book "[Beseached](#)" on February 23, 2023, and it quickly began to draw attention from readers and critics across the nation.

"This was a [gripping novel](#) that successfully delivered on its premise. I would recommend this book to fans of psychological thrillers; readers will find themselves thoroughly entertained by this book. I would also recommend this book to people looking for a beach read. This book is a page-turner that will have you yelling out loud at the protagonist as the truth is uncovered," said Onlinebookclub Editorial Reviewer Emily Meadows.

“

This book is the best book I have read all summer! It's hard to believe that this is the author's first book. Cannot wait for her next one. I couldn't put it down."

Army Veteran Tecia McLaughlin Debuts Suspense Thriller "Beseached"

"I love twists and turns in a plot that keep you on the edge. It's the moments in a book that make you want to scream, laugh, and celebrate that make it good. I don't write steamy romance and my books have a happy ending. That's what I like so that's what I deliver to my readers," said McLaughlin.

McLaughlin has two more books in the queue and looks forward to sharing the sequel to "Beseached".
