KILLEEN, TEXAS, UNITED STATES, July 25, 2023

/EINPresswire.com/ -- The Adventures of Hillary the Little Ladybug children's book series weaves a tapestry of experiences designed to intrigue, educate and inspire young readers. Hillary's exciting escapades have included saving other ladybugs from a praying mantis, meeting [Bigfoot](#), exploring a haunted castle, vacationing in [Malibug Beach](#), going on a nuclear submarine ride, entering a mystery cave and traveling on an alien spaceship into outer space.

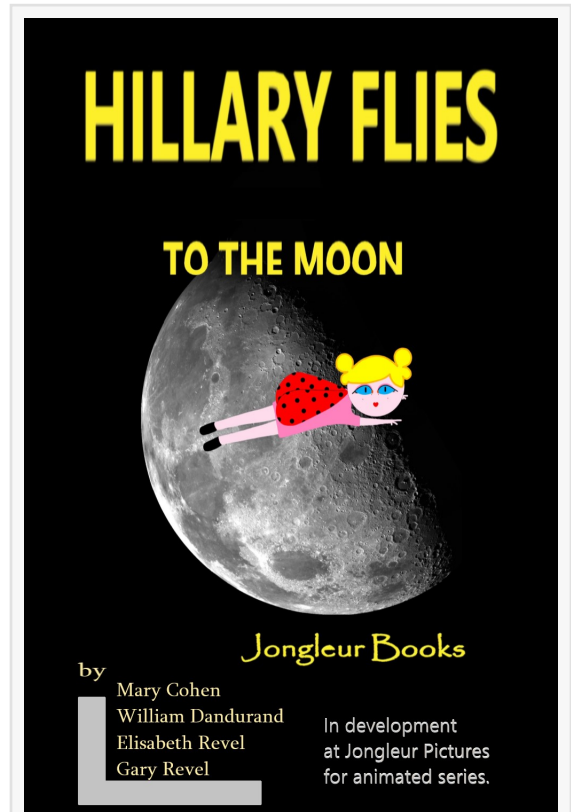

In the latest book, [Hillary Flies to the Moon](#), Hillary the Little Ladybug is admiring a full red moon when she begins to dream about flying through the night sky.

Hillary passes over Ladybug Lake, marvels at the stars and wonders what it would be like to be the first ladybug on the moon. Flying faster than she has ever flown before, she hears a small voice saying, "Come to me."

Once her feet touch down and she begins exploring, she comes face to face with aliens! A black hole and time/space warping are part of her thrilling journey through outer space, as she unlocks secrets of universal truths.

"The mystery and excitement of her adventure will keep you on the edge of your seat," said author Gary Revel.

Co-authored by William Dandurand, Elisabeth Revel and Mary Cohen, the Adventures of Hillary the Little Ladybug series explores climate change and other topics through stories aimed at young readers. Parents have found the books entertaining as well, especially when they read
