ISELIN, NEW JERSEY, UNITED STATES, August 15, 2023 /EINPresswire.com/ -- Blooming Business Event was birth by two great minds coming together to provide a platform by helping small and start up entrepreneurs with a pop-up shop and networking event to gain visibility within a community where they can connect, share, promote their brand and have the space to learn and inspired each others with like-minded entrepreneurs on Saturday, September 24, 2022 at the APA Woodbridge Hotel, Iselin, New Jersey from 5pm to 9pm.

The event was open to the public with plenty of free parking and entertainment by DJ Moefya with over 60 attendees. The pop-up shop layout was set up like a market with over 15+ local vendors, exhibiting a variety of small businesses' products and services in order to give consumers the ability to walk around, shop and network – All under one roof!

Our mission and goals are to motivate and spread the word about the various opportunities small and start-up businesses have, and to give them the platform to showcase their products, services, raise brand awareness, and meet new potential customers. To promote the attendees' businesses, they were able to receive professional videos and photos, along with interview and networking opportunities. Business owners were also able to make direct sales from event attendees.
