At just nine months old, Craig's life took a transformative turn when he discovered his biological family, marking the beginning of an unorthodox and miraculous journey.

Craig Thayer

Throughout his life, Craig encountered adversity at every turn. Battling an undiagnosed reading disorder until the age of 55 was just one of the many challenges he faced. Undeterred, his heart held a steadfast calling — to become a surgeon. But life's hardships didn't end there. From a twisted intestine to witnessing his adopted mother's struggle with alcoholism, grieving her loss at a tender age

of 18, and overcoming a skull fracture during college, Craig's path was anything but ordinary.

Yet, amidst the trials, it was the miracles that illuminated his life and guided him on his extraordinary path. A devastating apartment fire, leaving precious items intact, served as a poignant reminder of his guardian spirits. Eye-opening mission trips to Haiti and Honduras taught him the essence of Heaven on Earth. The reunion with his natural family filled a void, completing a lifelong yearning. Even the bonds of laughter through college pranks brought their own miracles.

"Saved!" is a poignant testimony of hope, inspiration, belonging, and empathy. Craig Thayer's compelling narrative highlights the shared human experience and reveals the uncanny resemblance between a surgeon's life and the life of any individual. Through his touching account, listeners will discover that we are all connected, and the potential for miracles lies within us all.

Join Craig Thayer as he shares his life's triumphs and tribulations, with each chapter leaving an indelible mark on your heart and soul. His experiences will instill hope in the face of adversity, inspire you to embrace your true purpose, and ignite the belief that miracles surround us every day.
