SANTA MONICA, CALIFORNIA, UNITED STATES, August 11, 2023

/EINPresswire.com/ -- [Green Globe](#) is proud to announce that the Set Collection's London property, Hotel Café Royal, has been awarded Green Globe Certification, making it the only hotel in the UK to receive this certification.

Hotel Café Royal

Green Globe is an Affiliate Member of the United Nations World Tourism Organization and has also certified the Set Collection's Hotel Lutetia in Paris and The Conservatorium in Amsterdam. These certifications mandate independent, 3rd party verification audits, and guide the Set Collection to continuously improve and refine its operations through actions such as minimizing waste and water use, reducing plastic, recycling, energy efficiency, community, and sustainable sourcing.

Hotel Café Royal seeks to continuously improve their contributions to combat climate change, give back to local communities, and be a part of a better tomorrow. As an evolving activity within the hotel, they are consistently adapting and eagerly developing new actions to meet a variety of targets. For details regarding these efforts, the Hotel Café Royal's website provides more information on its Social Responsibility

In addition, the Set Collection has created a new and ambitious Sustainability Management Plan, as well as anti-bribery, modern slavery and Green Globe training initiatives. The Set Collection has also appointed a group Sustainability Manager to oversee the implementation of these policies across all four of the founding Set Collection properties.

Collectively, The Set Collection advocates for the implementation of environmental best practices

and for the use of ethically sourced and fairly traded food, beverage and hygiene and cleaning products. The Set Collection is also committed to supporting a wide range of domestic and international charities, such as Make A Wish, Clean the World, Salvation Army, Boomforest, and London Wildlife Trust with a Group-wide charity partnership to be announced later this year.
