

Gumshoe Announces Release of Latest Single 'Tranquillise'

The dynamic song is now available on all major streaming platforms.

ULVERSTON, UNITED KINGDOM, July 31, 2023 /EINPresswire.com/ -- [Gumshoe](#), the alias of solo artist, performer, and producer [Philip Hampson](#), is excited to announce the release of his highly anticipated single, [Tranquillise](#). The captivating track will be available on all major streaming platforms on Friday, August 18th, 2023 at midnight.

At its very core, *Tranquillise* takes listeners on a mesmerizing journey inspired by an encounter while on vacation in Europe, evoking feelings of both wonder and trepidation. The song beautifully captures the essence of Gumshoe's unique style, combining modern-retro elements with shades of darkwave psychedelia. It was self-produced by Philip Hampson in his bedroom studio and a remote lakeside cabin, creating an atmospheric backdrop that perfectly complements the introspective lyrics.

Reflecting on the creative process, one reviewer shared, "I wish I could better explain the slight nuances and noir elements that surround this modern-retro-feeling piece, but as I often say, sometimes words don't seem to cut it. It really is a song to pay attention to, listening time and time again, as each time you'll discover a new piece of the puzzle you might have missed."

What sets Gumshoe apart from others in the industry is Philip Hampson's unique approach to music-making. Based remotely in the Lake District, he works alone in his bedroom studio, self-producing, writing all his own music, and performing all of the instruments. This solitary and dedicated process allows Gumshoe to deliver a distinct sound that captivates audiences.

Gumshoe has received recognition for his talent, having been featured on BBC Music Introducing and BBC Radio 6 Music. Additionally, he has performed at esteemed events such as BBC Radio 1's Big Weekend in Carlisle and Kendal Calling Festival.
