Kush Queen Relieve CBD Bath Bomb

Kush Queen CBD Gummy

"Without CBD's mainstream run starting in 2018, we probably would not have had the progress and proliferation of other cannabinoids we see today," said Olivia Alexander, Founder of Kush Queen. "While many beauty brands and companies have abandoned CBD, we are doubling down

on it as a beauty ingredient that is here to stay alongside the full and broad spectrum plant extracts. The Canna-cure at Bellacures is the perfect example of how effectively CBD works in a salon setting, providing truly enhanced relaxation.

The Canna-cure includes:

- Relieve CBD Bath Bomb - soak in the ultimate combination of organic essential oils including eucalyptus essential oil, rosemary essential oil and black pepper essential oil alongside cannabinoids for maximum pain relief.

- Renew CBD Sugar Scrub - leaves skin glowing with an organic sugar base, lavender essential oil, full-spectrum CBD and jojoba oil to remove dead skin and moisturize.

- “Melt” CBD Lotion - a massage powered by Amplifi Nanotechnology that delivers instant relief with an advanced formulation built for instant CBD absorption. Made with organic aloe juice, the water-based topical lotion combines cooling menthol, warming capsicum, and camphor oil for a cooling/warming sensation as well as a complex blend of essential oils specifically engineered to ease muscle tension.

- [Full-Spectrum CBD Gummy](#) - high-quality, full-spectrum hemp CBD extract in a deliciously flavored gourmet chew.

Kush Queen will also be offering 40% off site-wide from August 1 to 8.
