With this report you will learn:

- Who the leading players are in Companion Diagnostics Market?
- What you should look for in a Companion Diagnostics
- What trends are driving the Market
- About the changing market behaviour over time with strategic view point to examine competition

Also included in the study are profiles of 15 Companion Diagnostics vendors, pricing charts, financial outlook, swot analysis, products specification & comparisons matrix with recommended steps for evaluating and determining latest product/service offering.

List of players profiled in this report: Abbott Laboratories Molecular, Inc. (US), Agilent (US), ARUP Laboratories, Inc. (US), BioMerieux (France), Danaher Corporation (US), Foundation Medicine, Inc. (US), Myriad Genetics, Inc. (US), QIAGEN N.V. (Netherlands), Roche (Ventana Medical Systems, Inc) (US), Thermo Fisher Scientific (Life Technologies Corporation) (US)

Who should get most benefit from this report insights?

- Anyone who are directly or indirectly involved in value chain cycle of this industry and needs to be up to speed on the key players and major trends in the market for Companion Diagnostics
- Marketers and agencies doing their due diligence in selecting a Companion Diagnostics for large and enterprise level organizations
- Analysts and vendors looking for current intelligence about this dynamic marketplace.
- Competition who would like to benchmark and correlate themselves with market position and standings in current scenario.
