Covid-19 Scenario:

Manufacturing activities of commercial drones halted due to lockdown measures implemented across the U.S. Moreover, disruptions in the supply chain and shortage of raw materials presented challenges in carrying out manufacturing with full capacity. Ban on import-export activities also added to challenges.

However, the [use of drones](#) for surveillance raised a debate regarding privacy and individual rights on mainstream media as well as social media platforms as these drones were utilized for tracking and monitoring the spread in containment zones.

The report offers detailed segmentation of the U.S. commercial drones market based on type, application, and function.
